ASPETAR  اسپتار

inspired by aspire®

Dear All,

We are delighted to announce the 1st Aspetar conference on Oral and Maxillofacial Trauma in Qatar: "Orofacial Trauma in Boxing", will be on Thursday 15th October 2015 at Aspetar Auditorium.

The scientific Committee is honoured to be working with the Qatar Boxing Association, and the Medical Committee of the International Boxing Federation, to encourage professional development through the discussion of the latest techniques, and thereby increase understanding of such orofacial injuries.

Please see details of the timings and venue below:

Event:	Orofacial Trauma in Boxing
Date:	15th October 2015
Venue:	Aspetar Auditorium
Time:	From 08.00 to 15.00

Below you will find the agenda of the conference, together with a small biography for each speaker.

We are pleased to announce this event has been approved by Hamad Medical Corporation and will give you 5 HMC CME Credits

To register, kindly send an email to Rachel Abajila (Rachel.Abajila@aspetar.com) to guarantee your seat. We are also trying to arrange a live streaming for those who are not able to attend the conference.

We look forward to welcoming you to Aspetar in October!

The organising committee

Orofacial Trauma in Boxing

15th October 2015

Aspetar Auditorium, Doha - Qatar

Prof. Ian Needleman, BDS, MSc, PhD, MRDRCs(Eng), FDSRCS(Eng), FFPH, FHEA
Professor
UCL Eastman Dental Institute, UK

Ian is Professor of Restorative Dentistry and Evidence-Based Healthcare at UCL Eastman Dental Institute, and Honorary Consultant in Periodontology with UCLH. He is a clinical specialist in periodontics at UCL and in specialist practice at PerioLondon. He is an Editor with the Cochrane Oral Health Group. His research interests are improving clinical outcomes and the impact of oral health on general health, wellbeing and performance. This research has been awarded prizes by the European Federation of Periodontology, Royal Society of Medicine, German Periodontal Society, German Cochrane Centre and International Association for Dental Research, and he was nominated as an inspiring teacher at UCL in 2007. He leads a research programme in oral health and elite sport, including an investigation at the London 2012 Olympic Games, professional football in the UK, and an ongoing large epidemiological study in UK elite sport. Ian was a member of the International Olympic Committee, and Scientific Committee for the 2014 Conference on Prevention of Injury and Illness in Monaco. Recent publications include a position statement for the Faculty of Sport and Exercise Medicine, and a Consensus Statement in the British Journal of Sports Medicine and British Dental Journal. Ian is a keen endurance athlete/mountain ultratrail runner.

Lars Andersson DDS, PhD DrOdont
Professor Oral & Maxillofacial Surgery
Chairman Department of Surgical Sciences
Health Sciences Center - Kuwait University - Kuwait

Dr. Andersson underwent undergraduate and research training at Karolinska Institute in Stockholm, Sweden, and became a specialist in oral and maxillofacial surgery in 1981. He was appointed Docent at Karolinska Institute, Stockholm, Sweden in 1990. In the 90s he chaired a national specialist training program in oral and maxillofacial surgery in Sweden, and belonged to the first generation of implant surgeons; he also directed and ran an international implant training program. Since 2002 he has been professor in oral and maxillofacial surgery at Kuwait University. His main areas of clinical and research interest are trauma, orthognatic, and implant surgery, and he has published more than a hundred articles in international scientific journals. Dr. Andersson is editor and chapter author of textbooks in the fields of trauma and oral and maxillofacial surgery. He is Editor-in-Chief of the International Scientific Journal, and Dental Traumatology, and past president of the International Association of Dental Traumatology. He has authored and edited textbooks in traumatology and oral & maxillofacial Surgery

Dr. Abdelhamid Khadri
Chair of AIBA Medical Commission (Internationale Boxing Association)
Chair of Africa Boxing Confederation Medical Commission
Morocco

Dr. Abdelhamid is the Chair of AIBA Medical Commission and EC Member since November 2014. He was also supervisor and senior lecturer of the Arab Solidarity Sport Medicine Training Course (for Africa French speaking countries- Rabat from 6 to 15 June 2013). Dr. Abdelhamid has been the Head of the NOC medical and anti-doping commission of Morocco since 2008. In 1983, Dr. Abdelhamid obtained his Diploma of Medical Doctor from Rabat Faculty of Medicine, Mohamed V University, Morocco. He also holds a Biology and Sports Medicine graduation diploma from the Medicine Faculty of Toulouse, France, and the Paul Sabatier University since 1998 and a Biology and Sports Medicine improved graduation diploma from the same faculty in 2008. Since 1995, Dr. Abdelhamid has been an AIBA licensed Ringside Doctor. He has also been the Head of Morocco Boxing Federation Medical Commission since 1998.

Dr. Mohammed Alsaey
Director of Sports Dentistry
Aspetar - Doha - Qatar

Dr. Mohammed is on the German board of Oral Surgery at the University of Tübingen, Germany. He is also a member of the German Dental Association (Bundes Zahnärzzte Kammer - Arbeitsgemeinschaft). Dr. Mohammed has a Diploma in Sports Dentistry from the UK, and is the first Qatari dentist to be certified in Sports Dentistry. His role at Aspetar is to treat athletes with oral injuries and trauma, and to provide athletes with mouth guards. He also introduced the first Dental Emergency Kit for athletes in the Middle East, and is deeply involved in promoting good oral health throughout the sports community through educational programmes.

Prof. Dieter Gebauer
Clinical Associate Professor, Head of Oral & Maxillofacial Surgery Department
Royal Perth Hospital - Perth - Australia

Clinical Associate Professor Dieter Gebauer is a dual qualified consultant in oral and maxillofacial surgeon. Dieter studied at the University of Western Australia, completing a Bachelor of Dental Science (5 years) and a Bachelor of Medicine and a Bachelor of Surgery (4 years). Dieter has completed his Masters of Clinical Research in mouthguard use and ventilation in elite athletes. Dieter's sub-specialty interest is in facial trauma, reconstruction of the face following injury, and placement of dental implants to rehabilitate lost dentition. Dieter is currently the Head of Department at Royal Perth which houses the Western Australian State Trauma Centre. Dieter is also on the Medical Advisory Committee of The Park Private Hospital.

Dr. Talal Rane
Consultant and Oral Maxillofacial Surgeon
Al Ahli Specialist Hospital, Doha - Qatar

Dr. Talal is a Consultant and Oral Maxillofacial Surgeon at Al Ahli Specialist Hospital in Doha, Qatar. He was formerly Consultant in the Department of Oral Maxillofacial Surgery at Hamad Medical Corporation in Doha. Dr. Talal has a fellowship of the Royal College of Surgeons of Edinburgh, and a Fellowship (Hon) of Royal College of Glasgow in Scotland. He also has the Board of Membership in Oral Maxillofacial Surgery of the Royal College of surgeons of Glasgow, and the European Board in Oral Surgery. Dr. Talal is currently an examiner for the Royal College of Surgeons of Edinburgh in the Membership in Oral Maxillofacial Surgery Board exams.

Dr. Richard Knowlton
Team Dentist for the US Olympic Field Hockey Team
Past President, the Academy for Sports Dentistry
USA

A nationally recognised dentist, Dr. Richard Knowlton, DMD, MAGD, has served his patients in Elizabethtown, Pennsylvania for more than 30 years. Dr. Knowlton achieved the designation of Fellow in 1994, and Master in the Academy of General Dentistry in 1998. In 2006, and again in 2012, Dr. Knowlton was recognised with the Lifelong Learning and Service Recognition Award from the AGD. He was one of the first 10 dentists to achieve this recognition. He is a past President of the Academy for Sports Dentistry. During his time as President, he was instrumental in establishing the Dental Provider Network with TEAM USA, of the United States Olympics. This allows ASD dentists to treat the dental needs of the Olympic Elite athletes. He currently serves as the Team Dentist for the US Olympic Field Hockey Team, which is currently ranked fifth in the world. In 2013, Dr. Knowlton was elected to the American Football Hall of Fame. Besides his sporting team dentist activities, Dr. Knowlton also serves on the Board of Directors for the Academy for Sports Dentistry, as Chair of their Olympic Committee.

Daniel Kings
Head of Nutrition for the National Sports Medicine Programme
Aspetar, Doha - Qatar

Daniel is a certified clinical and performance nutritionist and is the Head of Nutrition for the National Sports Medicine Programme at Aspetar. He has a degree in Food Science, an MSc in Dietetics, and completed the International Olympic Committee (IOC) post graduate diploma in Sports Nutrition in 2010. Prior to working in Qatar, Daniel worked as Senior Performance Nutritionist at the English Institute of Sport (EIS). In this role he helped support the Specialist Intensive Rehabilitation unit of the BOA, and managed nutrition services for GB Hockey, GB Synchronised Swimming to London 2012, and GB Skeleton to Sochi 2014. Daniel has also worked extensively as a consultant in numerous Premier League and Championship clubs from 2008-2014 including West Ham Utd, Manchester United FC, Leicester City FC, and Tottenham Hotspur FC, and he was the full time performance nutritionist with the Welsh Senior men's rugby union team from 2002-2008. His expertise is in the provision of nutrition support to team sports, and he has a personal interest in sports nutrition for injury, long term athlete development, and performance management.
